

You're giving children like Grace

HOPE

for a full life

Grace, a 14-year-old refugee in Uganda (pictured left), is just one of 150,239 children living in the world's poorest countries who are finding hope for a full life through Feed The Hungry—thanks to you.

Young Grace and her family had to run for their lives from the civil war in Sudan, and they finally made it to a refugee camp in Uganda. Grace is grateful for friends like you—because Feed The Hungry is the only group feeding hungry children like her who are pouring into these Ugandan

(continued on page 2)

refugee camps every day.

Now, thanks to you, Grace dreams of becoming a doctor so she can help others. She appreciates the daily meals you're helping to provide, because *"that food can give us knowledge, can keep us in school without going [to] far places to get food."* She adds, *"If there were no food, some of us wouldn't come to school because we're hungry."*

What you're doing to help children like Grace is transforming her life—and giving her hope to help many others!

LET'S DO EVEN MORE TO SEE LIVES SPIRITUALLY TRANSFORMED

With your help this year, we're planning to do even more to break the cycle of poverty and hopelessness, so more people in need can have the opportunity for a better future. That's why we've set up some key partnerships so that through your support...

- **You'll help young people grow spiritually as you spread the gospel** through Biblica's *Bible Adventures* in Nicaragua, the Philippines, Uganda, and Malawi. These mini Bible studies introduce Jesus to the school-age children you're feeding every day. We're seeing a great hunger for God's Word—especially in the Philippines, where the poorest kids grow up in garbage dumps, and there's a huge opportunity to grow our feeding programs and share the gospel.
- **You'll help families become self-sustaining and connect with God** as we help provide agricultural training to people in countries like Malawi, Zambia, and Zimbabwe, so they can know a full life despite the severe drought in Southern Africa.

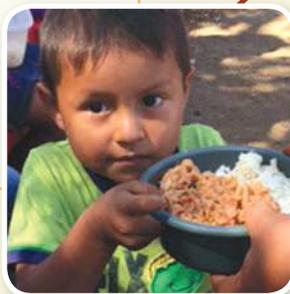

So thank you for all that you've done to bring hope to children like Grace—and let's look forward to how God will work through our partnership so many more precious children can know a full life in Jesus!

Your Global Impact in 2016

Thanks to the generosity of friends like you, hungry children and families around the world are discovering how good a full life feels. Here are just some of the ways your gifts and prayers brought hope and transformed lives last year...

Thanks to you...

- **28.5 million meals** were served to hungry people worldwide in 2016.
- **150,236 children** are now receiving regular meals and gospel ministry.
- **75,000 Bibles, New Testaments, and Gospels** were given to souls hungry for God's Word last year.
- New mission outreaches opened in **Zambia** and **Nepal** in 2016.
- Last year, **over 7 million pounds of help** were sent to church food pantries and outreaches across America.

NICARAGUA

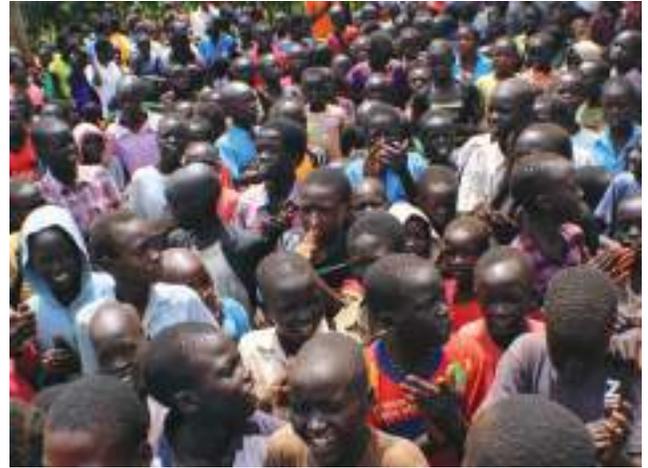

Living in this poor nation, young Keroshi gets only one meal each day—the one you help give him through our *Every Child, Every Day* feeding program. His mom, Jacqueline, helps prepare the food. After two years of serving in this program and hearing the gospel shared with the kids every day, Jacqueline came to faith in Jesus!

Pray for Uganda's refugees to be spiritually transformed

This month, please begin praying for a special ministry outreach that Feed The Hungry will host the week of March 20th in the Kiryandongo refugee camp in Uganda. Please pray that it will make a deep and lasting spiritual impact on thousands of refugees who are looking for hope.

Outdoor evangelism and music will bring many face to face with the gospel message for the first time. Pastors across the camp will gather during the day for workshops on pastoral ministry and church planting. Teams will conduct chapel services with children in the schools. And women who've suffered so much from fleeing their homes and lives will be encouraged at a unique ladies service.

Please pray that these refugees who ran from war and violence will run to Jesus and find a full life in Him!

There's such a great opportunity to feed hungry souls with the Bread of Life at the ministry outreach at the Kiryandongo refugee camp in March. Pray that many will respond with saving faith!

PHILIPPINES

Kim and Thirty are brothers who live in the garbage-strewn slums of "Happyland" near Manila. Their mom is a polio victim and can't leave their shanty. They're trying to survive on the little their dad earns by selling a tapioca-based drink called *palamig* on the roadside. Thanks to you, Kim and Thirty get a nutritious rice-based meal every day through our feeding program, and their health has improved.

ZIMBABWE

Vially is a 12-year-old orphan boy who's been living with his grandmother since both his parents died. His grandmother has no source of income to buy food, and he has no other family who can help them. So Vially takes home some of the food he receives through our feeding program to share with his grandmother—showing the same generosity as you!

From Stefan to You

Give a full life to generations to come!

Your generous support is already helping many children across the world live a full life—body, mind, and soul. But did you know you can continue making a powerful impact for generations to come through legacy giving?

Today, more and more people around the world are leaving legacies to Feed The Hungry in diverse ways, with gifts of cash, equity, property, jewelry, antiques, and other types of personal property with significant value.

To help you see how you can leave a powerful legacy that will give a full life to “the least of these” for decades to come, please contact Susan Walterhouse at swalterhouse@feedthehungry.org or (888) 832-6384. We look forward to hearing from you!

Dear Friend,

If you could come with me to see children struggling to survive in the “Happyland” slums of Manila... or the teeming refugee camps in Uganda... or in drought-ravaged Southern Africa, I know you’d say: “Yes, we need to do more.”

So, by God’s grace and with your help, we’re ramping up now to do more—to reach 20% more children this year... and *double* the number of children we’re reaching over the next three years.

You’ll get a glimpse of your global impact on pages 2 and 3. But in fact, your gifts and prayers are bringing hope for a full life to many thousands of desperate children in more than 92 countries worldwide. And it’s exciting to think that together we can do more.

Your ongoing support will help transform the lives of more refugee children like Grace in Uganda... more orphans like Vially in Zimbabwe... and more hungry children like Keroshi in Nicaragua—whose mom came to Jesus, thanks to you!

This year, we’re not just seeking to reach *more* children and their families for Jesus through our feeding programs and practical aid. We’re focusing even more on *spiritual transformation*.

As you’ll see on page 2, your gifts will help people grow spiritually in two ways. First, you’ll be spreading the gospel by bringing youth-focused *Bible Adventures* to the children you’re feeding. And second, you’ll help struggling children and families grow closer to God as they learn to grow better crops and become more self-sustaining.

So thank you for helping more needy children and their families experience how good it feels to have a full life in Jesus.

I’m looking forward to all that God will do to transform more hungry hearts through our partnership this year!

Because a full life feels good,
