You're bringing HOPE

Most children living in a wretched slum in the Philippines called “Happyland” spend their days digging through garbage in the streets and searching for food or anything they can sell so they can eat.

Here in not-so-Happyland, you’ll find many precious children at risk of being trapped in this trash-heap life—like Cindy who’s only 5 years old.

Every day, Cindy is left alone to care for her brother Kenneth, age 2, and her baby sister Queenie, age 1, in their ramshackle hut. Cindy says, *“I feed them, I change their clothes, I put them to sleep when my mama and papa are not home.”*

Her parents are often absent, working far from home so their family can survive here in the Philippines—where 12 million people live in extreme poverty, and families scrape by on less than \$2 per day. Food is scarce, so sometimes Cindy and her siblings go hungry.

But now you’re bringing a smile to Cindy’s face every day, as you help deliver a nutritious meal to her—and 2,500 other kids in the Philippines—through Feed The Hungry’s *Every Child, Every Day* program.

Your generosity ensures that children like Cindy (above right) get an education—feeding their minds to help lift them out of poverty so they can have hope for a full life.

Your generosity also ensures that children like Cindy get an education—feeding their minds to help lift them out of poverty so they can have hope for a full life.

Best of all, you’re also ensuring that kids like Cindy hear that *Jesus loves them*. As we work together with a trusted church partner on the ground, you’re helping them hear the gospel and get copies of *Bible Adventures* (see page 3) to nourish their souls!

We have a tremendous opportunity right now to double the number of children receiving help and hope like Cindy in the Philippines. So thank you for your great generosity, and please pray that together we can help many more kids experience a full life in Christ!

You're giving children God's Word to nourish their souls

THE WORLD'S MOST VULNERABLE CHILDREN aren't just hungry for food. They're hungry to know that Jesus loves them. So with your help, we're spreading the gospel to the children in our feeding programs by giving them Bibles and biblical resources—so they can know the joy of a full life both *physically* and *spiritually*.

You're changing lives by sending scriptural resources like Biblica's *Bible Adventures*—mini Bible studies that use colorful illustrations to communicate God's love and truth to children.

Angeline, one of our coworkers in the Philippines, says:

“ **The children here are hungry to learn! They want to know about the faith of the characters in the Bible. The Bible Adventures are so colorful—we're just so happy with them!** ”

Please pray as we move forward together to give *Bible Adventures* to more kids through our feeding programs in places like the Philippines, Nicaragua, and Uganda. Thank you!

You're filling many hungry hearts with hope as they come to know Jesus.

Stefan Radelich,
President

From Stefan to You

Dear Friend,

I'd love for you to see how the children light up with joy as you bring Jesus' love into the world's direst slums—like Happyland in the Philippines.

As you help feed these vulnerable kids daily and share the gospel with them, you're filling many hungry hearts with hope as they come to know Jesus.

Let me tell you how that's impacted Eling, a mother who's struggled to feed her two young children, Roberto, age 4, and Lailani, age 2.

Roberto couldn't speak a word—until he began receiving daily meals through Feed The Hungry's feeding program, thanks to friends like you!

Now Roberto can speak clearly, and Eling's face is full of the joy of Jesus. Now she shares the gospel with other women in the slums, and as a result, many have come to Christ!

That's the kind of impact you're having as you give to bring food and the gospel to vulnerable children in the Philippines and all around the world.

Thank you for helping so many like Eling experience a full life in Jesus!

Because a full life feels good,
